Form CT-W4P Instructions

Payee General Instructions

Form CT-W4P, Withholding Certificate for Pension or Annuity Payments, is for Connecticut resident recipients of pension, annuities, and certain other deferred compensation subject to Connecticut income tax. Form CT-W4P provides your payer with the necessary information to withhold the correct amount of Connecticut income tax from your pension or annuity payment to ensure that you will not be underwithheld or overwithheld.

Payers of taxable pension or annuity distributions are required to deduct and withhold income tax from such distributions. Distributions subject to withholding include taxable distributions from the following: an employer pension, and annuity, a profit sharing plan, a stock bonus, a deferred compensation plan, an individual retirement arrangement (IRA), an endowment and a life insurance contract. Taxable distributions are distributions that are subject to federal income tax. Non-taxable distributions (for example, most distributions from Roth 401 (k) or Roth IRA accounts) are not subject to withholding. Form CT-W4P is not required for non-taxable distributions.

The method of withholding depends on whether the payment is periodic, nonperiodic, or a distribution of the entire account balance. Connecticut uses the federal definition for periodic and nonperiodic payments.

Periodic Payments: Withholding from periodic pension and annuity payments, such as monthly pension payments, is calculated using the same method that an employer uses to determine the amount to withhold from wages.

Complete Form CT-W4P by selecting a withholding code based on the filing status you expect to report on your Connecticut income tax return and the statement that best describes your annual gross income.

For the purpose of determining your withholding code, your annual **gross income** is your total income from all sources, but you may exclude the following amounts:

- If your filing status is single, married filing separately, or head of household with federal adjusted gross income (AGI) for the taxable year of less than \$75,000 or married filing jointly, or qualifying surviving spouse with federal AGI of less than \$100,000, and you receive income from certain pensions and annuities, such as from a defined benefit plan, 401 (k), 403(b) or 457(b) plans, exclude 100% of those amounts.
- If you receive Social Security benefits, and your filing status is single or married filing separately and your federal AGI is less than \$75,000 (for single or married filing separately) or \$100,000 (for married filing jointly, qualifying surviving spouse or head of household), exclude the amount of your Social Security. If your federal AGI is above these limits for your filing status, then exclude 75% of your total Social Security benefits.
- If you receive payments from the Teachers' Retirement System, exclude 50% of the amounts received. If your federal AGI is below the applicable threshold, you may claim either the teachers' pension subtraction modification or the pension and annuity subtraction modification, whichever is greater.

Failure to give your payer a properly completed Form CT-W4P will result in 6.99% withholding from your payment(s).

Nonperiodic Payments: Your payer must withhold 6.99% from the taxable amount of nonperiodic payments (see *Distribution of the entire account balance*, on this page) **unless** you complete Form CT-W4P using one of the following options. Distributions from an IRA that are payable on demand are treated as nonperiodic payments. Do **not** use the chart on [Page 1](#). Either enter:

- *Withholding Code "E"* on Line 1 which will result in \$0 withholding; **or**
- *Withholding Code "E"* on Line 1 and a dollar amount on

You may not choose any other withholding code.

Form CT-W4P will remain in effect until you submit a new one. You should complete a new Form CT-W4P if your tax situation changes, such as your filing status changes. You should furnish your payer with a new Form CT-W4P.

Distribution of the entire account balance: The withholding rate for lump-sum distribution of the entire account balance is 6.99% without allowance for exemption, unless any portion of the lump-sum distribution was previously subject to tax (distributions from Roth 401 (k) or Roth IRA accounts), or the lump-sum distribution is a trustee-to-trustee transfer, or is a direct roll over in the form of a check made payable to another qualified account. You cannot claim exemption from withholding. Don't give Form CT-W4P to your payer.

Check Your Withholding

You may be underwithheld if any of the following apply:

- You have more than one source of income;
- If your filing status is married filing jointly, and you or your spouse, or both, have more than one source of income; **or**
- You have substantial other income such as interest, dividends, or capital gains.

If you are underwithheld, you should consider adjusting your withholding or making estimated payments using **Form CT-1040ES**, *Estimated Connecticut Income Tax Payment Coupon for Individuals*.

If you owe \$1,000 or more in Connecticut income tax over and above what has been withheld from your income for the prior taxable year, you may be subject to interest on the underpayment at the rate of 1 % per month or fraction of a month.

To help determine if your withholding is correct, see **Informational Publication 2023(7)**, *Is My Connecticut Withholding Correct?*

Payer Instructions

For any payee who does not complete Form CT-W4P, you are required to withhold at the highest marginal rate of 6.99% without allowance for exemption from any taxable distribution. You are required to keep Form CT-W4P in your files for each payee.

For additional instructions, see **Informational Publication 2023(8)**, *Connecticut Tax Guide for Payers of Nonpayroll Amounts*.
